Dear Mr. Keaton,

The Windsor Town Center opened in March and I wanted to let you know how things have gone.

Almost 5,000 people have come to play in open gym, attend Summer Blast Camp, participate in National Night Out, play Cornhole and a host of other events and meetings.

The support from the county to provide recreation staff has greatly aided in the use of the facility. It has been tremendous to have William help bring recreation and activities to south Isle of Wight County.

On Election Day, I stopped in to vote and William indicated that many that came to vote had not been in the facility before. He had handed out many packages providing details on upcoming programs. I peeked in at the open gym and was tempted to join in with the group that was playing basketball. (They would have surely put me in my place and I would most likely "felt it" in the morning.)

We are in the process of picking a vendor to install acoustical panels in the gym to make the room more functional for meetings and events. When town council met last week in a strategic planning session, one of our goals for the coming year is to expand facility use.

We look forward to continuing to partner with the County to serve the citizens. Thank you for your support.

Glyn Willis
Mayor, Town of Windsor
