**ISSUE:**

Presentation re: Southeastern Public Service Authority (SPSA)

**BACKGROUND:**

Dennis Bagley, Executive Director, SPSA will brief the Board on the status of the RFP for alternative waste disposal. The goal of these briefings is to inform each member community of the status of the Wheelabrator contract, what the impacts are of the early termination and why we are going out with a RFP to provide alternative waste disposal. We are also letting each member know that we will likely need to address the term of the current use and support agreements once we know what is included in the RFP responses.

**BUDGETARY IMPACT:**

None.

**RECOMMENDATION:**

For the Board's information.

**ISSUE:**

Presentation/Discussion Regarding the Tyler's Beach Harbor/Marina Project

**BACKGROUND:**

Congressionally-directed earmark funding in the amount of \$750,000 has previously been approved for proposed improvements to the Tyler's Beach harbor/marina project.

Staff has been working through the permitting process with the U.S. Army Corps of Engineers and was recently advised that the County's proposed plans to include boat slips and floating piers will negate the ability of the Corps of Engineers to dredge the harbor in the future. Should the County proceed as currently planned it will be responsible for all future costs and work associated with dredging the harbor. The Corps of Engineers would still dredge the mouth of the harbor.

The recommended next step would be to finalize construction plans which only include replacements of the existing boat ramp, bulkhead, and piers in the initial phase of Tyler's Beach improvements. That would allow time for additional study and discussion of the best path forward for overall improvements at Tyler's Beach.

**BUDGETARY IMPACT:**

TBD.

**RECOMMENDATION:**

Per the Board's discussion and direction.

**ISSUE:**

Presentation of the County Administrator's Proposed FY2024-25 Operating and Capital Budgets

**BACKGROUND:**

At its regular meeting on April 18, 2024, the Board held a public hearing on the Proposed FY2024-25 Operating and Capital Budgets. The Board may wish to continue its deliberations of the proposed budgets before adoption.

The calendar for continued review and consideration of the budgets includes the following date and time:

- **Thursday, May 9th at 6:00pm** - Adoption of the Proposed Operating & Capital Budgets, Related Ordinances, and CIP

**BUDGETARY IMPACT:**

TBD

**RECOMMENDATION:**

For the Board's information, discussion, and direction.

# COUNTY ADMINISTRATOR'S MESSAGE

The Honorable Board of Supervisors  
Isle of Wight County, Virginia

Honorable Members of the Board:

I am pleased to submit the FY 2024-25 budget for Isle of Wight County to the Board of Supervisors and our citizens. This Budget was prepared to meet the needs of a growing community by providing cost efficient and effective public services. The team of staff responsible for preparing the budget has attempted to create a document that is transparent and understandable to every citizen and addresses the basic responsibilities of local government.

The proposed FY 2024-25 budget will require an increase in the tax rate from **\$.71 to \$.76**. The personal property tax rate will remain at **\$4.50**. One penny of real estate tax is expected to generate **\$670,400**.

The key priority for the upcoming fiscal year is to fund the necessary functions of Isle of Wight County while preparing for future needs.

The General Fund operating budget totals **\$104,987,352**. The largest source of these funds is from General Property taxes (\$77.2 million) or 73.5% of the budget. The largest uses of County funds are for Education (\$33.5 million, 31.9%), Public Safety (\$17.2 million, 16.4%), and Debt Service (\$12.9 million, 12.3%). A new item has been added this year to appropriate **\$4 million** from Fund Balance and transfer those funds to our Capital Projects Fund for one-time capital needs. Another option is for the Board to consider a bank loan not to exceed **\$10 million** for additional capital needs. Our goals include diversifying our revenue sources to become less dependent on residential property taxes and reducing debt service as a percentage of our expenditures.

### **Revenue Highlights**

**Real Property Taxes** – Housing starts declined 22% in 2023. There were 211 housing starts in 2023 compared to 269 in 2022. A significant change in the type of housing is noted for 2023. For the first time, more condo/townhouses (139 units - 52%) were built than regular single-family homes (127 units - 48%).

Commercial development and construction were basically non-existent in FY23 and represented just over 1% of the total new construction assessments. The forecast for FY25 includes increased new commercial construction which is estimated to represent over 5% of new construction assessments. A 3.1% increase in assessments is forecast for FY 25 with total value of \$6,685,000,000 and revenue of \$49,431,753 based on the proposed tax rate of \$.76 and a collection rate of 97.3%.

**Personal Property – Motor Vehicles** – The value of used motor vehicles has levelled off in 2024 compared to the decline in values for 2023 according to J.D. Power. The Car Tax Relief percentage decreased from 37% to 33%. A 5% growth is forecast for FY 25 with revenue of \$14,700,000 based on a 93.5% collection rate.

**Machinery & Tools Tax** – The Machinery and Tools category has experienced growth during the past three years. An increase of 5% over current revenues for the M&T tax is expected to generate revenue of \$6,220,000.

**Sales & Use Tax** – The U.S. Supreme Court Case of *South Dakota v. Wayfair* ruled that states may charge sales tax on purchases made from out-of-state sellers. The 2019 Virginia General Assembly adopted legislation enabling the Commonwealth to collect sales tax on out-of-state sellers. This has resulted in an increase in sales tax to the state and localities. Online sales tax now represents nearly 36% of all retail sales for Isle of Wight County. An increase of 2.3% is forecast for the current fiscal year compared to last year. Based on this forecast next year's revenue will generate \$4,400,000 which is an increase of \$100,000 over the FY24 budget.

**Public Service Corporation Taxes** – Public Service assessments are adjusted annually based on the real estate sales ratio as determined by the Department of Taxation. As a result of the general reassessment of real estate in 2023 the county's sales ratio increased 26%. It is anticipated that the assessments will increase 33% in the next fiscal year which will result in revenue of \$1,612,000.

**Recordation and Wills Tax** – The tax on recordation of real property has followed the real estate market and started to decline after increases over several years. After collecting \$852,700 in FY22, we saw a decline to \$586,902 in FY23. I am projecting \$600,000 for FY25 which is a decrease of \$100,000 over last year's budgeted amount.

**Building Permits** – Building permit fee revenue is a direct reflection of housing starts and construction activity throughout the County. \$511,000 was received in FY23 and we expect to collect more than \$500,000 in FY24. I am estimating \$600,000 in FY25 which is an increase of \$200,000 over last year due to increased building activity and a proposed increase in inspection fees.

**Utilities Fund** – Due to a 5% increase in the price of water from the Western Tidewater Water Authority, an 80-cent increase in the price/1000 gallons of water is proposed. This will result in a monthly increase of **\$4.00** or 5% for the typical customer who uses 5000 gals/month.

## **Expenditure Highlights**

**Public Schools** – An increase of \$2,750,000 is proposed in local operating funds for the Isle of Wight County Public Schools. The local capital maintenance appropriation is proposed to increase from \$250,000 to \$500,000. \$715,830 is included in debt service to finance \$7.9 million in improvements at Smithfield High School and Windsor High School for enhanced Career & Technical Program options for students.

**Public Safety** – The budget continues the replacement schedule for Sheriff's Office vehicles by lease financing 7 new vehicles. Three new deputies for Court security are proposed in response to a request from the Circuit Court judges because of a 50% increase in the number of jury trials in the County.

**Fire and Rescue Response** – A new initiative is proposed in the Fire Rescue Department for Community Risk Reduction. The large warehouse fire in January 2024 exposed a critical deficiency in the County's ability to be proactive concerning life and safety. A new position has been included in the budget to start in January and begin the process of creating a Fire Prevention Bureau.

**Public Works** – The bulk of the increase in Public Works is a result of an adjustment in part-time salaries and overtime to catch up with salary increases over the last 2 years.

**Debt Service** – Bonds totaling \$18.5 million were issued in February 2022 to fund the remainder of Hardy Elementary School, the replacement of Fire and Rescue equipment and other County projects. Our total Debt Service budget for the General Fund in FY25 will be \$12.9 million. \$7.6 million of the payments will be for principal.

## **Personnel**

Isle of Wight County competes for employees across the Hampton Roads region. We completed a new compensation study in FY23 which brought our salary ranges more in line with our neighboring localities. To maintain our competitiveness, I have included a 3.5% general wage increase for all full-time and part-time employees. I am also proposing that we raise our minimum wage to \$13.50/hr.

The County Health Plan experienced a moderate year with a 6% increase in rates. We are continuing the same County/Employee cost sharing plan for health insurance established in FY20. We are also continuing the High Deductible Health Plan (with Health Savings Account) which was added last year. This plan has the potential to provide savings for employees and the County.

### **New Positions**

Seven and 1/2 new full-time positions are proposed in the FY25 budget, Sheriff (3), Fire Rescue (1 ½), Parks and Recreation (1), Commissioner of Revenue (1), and Treasurer (1). In addition, I am also proposing to convert part-time positions into 3 full-time positions in Fire Rescue. This continues a program that we have had for several years to reduce our reliance on part-time employees due to the ongoing issue of them being held over at their regular job and not being available for shifts in our County. Funds have also been placed in the budget to overlap a position in Finance due to an upcoming retirement.

### **Fleet Upgrades**

In addition to new vehicles for the Sheriff's department, a total of 7 other vehicles are proposed to replace aging or high mileage vehicles in the following departments: Public Works, Parks and Recreation, Economic Development, Community Development, Tourism and Fire Rescue.

### **Capital Budget**

Consistent with the Board's adoption of the FY25-34 Capital Improvements Program, a Capital Budget of \$14.5 million is included to move various capital projects forward. Significant capital expenditures include Parks & Recreation \$450,000, Utilities \$1.5 million, and Schools \$12.5 million.

The Capital Budget is fully funded with proposed financing, General Fund transfer, and grants.

### **Acknowledgements**

I would like to thank all the Constitutional Officers, Department Heads, and staff for submitting conservative and well-researched budget requests. I have been impressed with the creativity and cost-saving suggestions from all our staff. I would especially like to thank Don Robertson, Stephanie Wells, Teresa Morgan, and Marina Hitchings for organizing the budget requests and preparing multiple budget scenarios. This has truly been a team effort.

Sincerely,

Randy Keaton  
County Administrator

## **Committed:**

*\*Committed by MOU, Resolution or Mandate*

- **Western Tidewater Community Services Board (WTCS Board)\***

We are required to provide these services. WTCSB is a regional agency and each of the member communities (Franklin, Southampton, Suffolk, Isle of Wight) provides local match funding. It should be noted that the agency does an excellent job regarding collection of fees for service and drawing down additional State funding such that the local amount we currently contribute is actually less than the “required” local match. *(Letter of Request attached)*

- **Western Tidewater Health District (W. Tidewater Health District)\***

We are required to provide the services. WTHD is operated regionally and each of the member communities (Franklin, Southampton, Suffolk, Isle of Wight) provides local match funding. We have an MOU with the Health Department. *(Letter of Request attached)*

- **Franklin Revenue Sharing\***

MOU requires IOW to provide 17%-23% of revenues received as determined by a calculated Fiscal Distress Factor; MOU created as an alternative to annexation.

- **Town of Windsor\***

Approved 5 year commitment with 2 year extension of funding for Windsor Town Center (FY 19-20) which serves as the host location for County Parks & Recreation programming.

- **Hampton Roads Planning District Commission (HRPDC)\***

We participate regionally via an MOU. Provides regional coordination and assistance for various planning and development functions. HRPDC also serves as grant administrator for the VATI broadband expansion project.

- **Hampton Roads Military & Federal Facilities Alliance (Hmpt Rds Military & Fed Fac Al)\***

We make a pro rata contribution to this regional organization based on our population. There is a regional MOU. *(Letter of Request attached)*

- **Opportunity Inc (now Hampton Roads Workforce Council)\***

We participate regionally via an MOU. *(Letter of Request attached)*

- **Camp Community College\***

We participate regionally via an MOU. We contribute to the college and we are also responsible for a portion of maintenance costs for the facility/property. *(Letter of Request attached)*

- **Isle of Wight Museum (Smithfield Museum)\***

The County owns the facility which we maintain. We are also responsible for operational costs that we split with the Town of Smithfield via an MOU.

**Debt Ratio Policy Limitations**

*FY 24 PROJECTION*

**Debt Ratio Policy Limitations**

**4% Debt as a Percentage of Assessed Value**

This ratio indicates the relationship between the County's debt and the total taxable value of real and personal property in the County. It is an important indicator of the County's ability to repay debt, because property taxes are the source of the County's revenues used to repay debt. A small ratio is an indication that the County will be better able to withstand possible future economic downturns and continue to meet its debt obligations.

Meet or Exceed Limit? **Meets**

**12% Debt as a Percentage of General Government Expenditures**

This ratio is a measure of the County's ability to repay debt without hampering other County services. A smaller ratio indicates a lesser burden on the County's operating budget. The numerator shall include debt that is not self-supporting from a user fee or designated revenue stream. A self-supporting revenue stream is defined as a revenue stream that provides coverage of all debt service obligations without general fund support (to include tax assessment districts and funds supported by committed state revenues in support of such debt). Any long term financing lease obligations which may be subject to annual appropriation by the County will also be included in the calculations of tax-supported debt service. General governmental expenditures are expenditures reported in the County's governmental funds (excluding the General Fund Contribution to Schools and the Capital Projects Fund) and expenditures reported in the School Operating and Food Service Funds.

**COUNTY FUND BALANCE POLICY**

The County will employ sound financial management principles to include the establishment of an unassigned general fund balance sufficient to maintain required working capital and provide a reserve for unanticipated expenditures or emergencies, revenue shortfalls, and other non-recurring uses. The ratio of Unassigned General Fund balance as a percentage of Budgeted General Fund Expenditures indicates the ability of the County to cope with unexpected financial problems or emergencies. The larger the Unassigned General Fund balance, the greater the County's ability to cope with financial emergencies and fluctuations in revenue cycles. The County has established a target rate of 15% at the close of each fiscal year as computed for the upcoming budget year.

Once the unassigned general fund balance target is achieved by the County, it is intended to be maintained for the upcoming fiscal year from prior year surpluses and budgeted additions as available before any other needs are addressed. In the event Unassigned Fund Balance is required to be drawn below the 15% target rate due to an emergency (such as a natural disaster) or due to severe economic circumstances, the County will develop a plan to restore the Unassigned General Fund Balance over the ensuing two fiscal years.

Compliance with fund balance policy will be reviewed and reported to County Board of Supervisors annually in conjunction with the development of the operating budget and with any significant budget amendments made during the fiscal year.

**RESOLUTION TO DESIGNATE  
THE MONTH OF MAY AS  
WILLIAMS SYNDROME AWARENESS MONTH**

**WHEREAS**, Williams syndrome, also known as Williams-Beuren syndrome, is a rare genetic condition that is present at birth, affects as many as 30,000 individuals in the United States and is characterized by medical and cognitive problems, including cardiovascular disease, developmental delays, and learning disabilities; and,

**WHEREAS**, despite their physical and cognitive deficits, people with Williams syndrome exhibit impressive social and verbal abilities; and,

**WHEREAS**, there is no known cure for Williams syndrome; and,

**WHEREAS** the families, friends, and advocates of those with Williams syndrome should be commended for their hard work, compassion, and courage for educating the country about this rare disorder; and,

**WHEREAS**, the month of May has been officially designated by the Williams Syndrome Association as Williams Syndrome Awareness Month.

**NOW, THEREFORE, BE IT RESOLVED** that the Board of Supervisors of the County of Isle of Wight, Virginia recognize and designate the month of May as Williams Syndrome Awareness Month.

Adopted this 2<sup>nd</sup> of May 2024.
